MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: Academy of Science of St. Louis

Organization Information:

Contact:	Peggy James Nacke
Address:	5050 Oakland Ave. St. Louis, MO 63110
Phone:	314-533-8291
Fax:	
Email:	peggyw@academyofsciencestl.org
Website:	www.academyofsciencestl.org

Mission:	To promote the advancement of science and encourage public interest in and understanding of the sciences...celebrating over 150 years connecting science & the community.
-----------------	---

Organizational Skills:

Bird Identification:		Habitat Restoration:		Education Outreach:	Yes
Bird Monitoring:		Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:		Fund Raising Grants:	
Data Analysis:		Advocacy:		Other:	Yes

Comments:

Identifying community partnerships that encourage scientific literacy. Speakers bureau "Speakers for Science" provides speakers to schools & community groups addressing a variety of topics.

Resources:

Management Guides:		List Serve:		Newsletter/Publications:	
Technical Reports:		Website:		Pamphlets:	
Checklists/Monitoring Data:	Yes	Database:		Interpretive Facility:	

Comments:

Educates the public thru it's annual BioBlitz. Led by the Academy of Science, the Saint Louis BioBlitz is a 24-hour exploration and inventory of the life in Forest Park. Teams of public volunteers led by biologists searched natural areas within the park, listing as many different species as they could find. At the end of the day, participants have a new appreciation of the biodiversity in this very special place we know as Forest Park.

Management Focus:

Bottomland Forest:		Grasslands:		Upland Savanna:	
Riparian Woodland:		Old Fields:		Upland Woodland:	
Wetlands:		Tall Grass Prairies:		Upland Forest:	
Ponds Lakes:		Glades:		Upland Mosaic:	
Bottomland Mosaic:		Native Shrubland:		Urban Areas:	
Habitat Other:				Big Rivers:	

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Academy of Science of St. Louis**

Focus on Bird Species:

Neotropical Migrants:		Species of Conservation Concern::		Riparian/Bottomland Species:	
Grassland Birds:		Game Species:		Other Species:	
Waterfowl:					

Comments:

Special Events:

Management Workshops:		Bird Identification Fieldtrips:	Yes	Public Lectures:	
Monitoring Workshops:		Bird Monitoring Fieldtrips:	Yes	Other:	

Comments: Working in conjunction with Cornell Lab of Ornithology, the 6th-12th grade student members of the academy in the Urban Bird Study.

Disseminates information about the Urban Bird Study to other youth service providers.

Annual/Conferences/Monthly Meetings:

Annual Meeting:

Date:	
Time:	
Contact:	Peggy Winkler
Phone No.:	314-533-8291
Email:	peggyw@academyofsciencestl.org
Comments:	No annual membership meeting. Maggie Bauer is the membership coordinator of the academy.

Record Number: 30, Last Update: 2009-07-20

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Audubon Missouri**

Organization Information:

Contact:	Tony W. Robyn, Executive Director and V.P.
Address:	201 W. Riviera Drive, Ste. A
	Joplin, mo 64084
Phone:	417-626-8842
Fax:	417-623-2211
Email:	twrobyn@audubon.org
Website:	www.audubon.org

Mission:	To conserve and restore Missouri's ecosystems, focusing on birds and other wildlife, through habitat preservation and restoration, advocacy, education and public awareness.
-----------------	--

Organizational Skills:

Bird Identification:	Yes	Habitat Restoration:	Yes	Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:	Yes	Fund Raising Grants:	Yes
Data Analysis:	Yes	Advocacy:	Yes	Other:	

Comments: The National Audubon Society focus is in three primary areas:

- Habitat Conservation through the Important Birding Areas (IBA) program
- Education through a natural network of community-based chapters and nature centers
- Public policy through advocacy on behalf of areas important to birds and their habitats

Resources:

Management Guides:		List Serve:		Newsletter/Publications:	Yes
Technical Reports:	Yes	Website:	Yes	Pamphlets:	Yes
Checklists/Monitoring Data:	Yes	Database:	Yes	Interpretive Facility:	Yes

Comments:

- Technical Reports: The Important Birds Areas Steering and Technical Committees have identified 47 IBAs statewide. Audubon is now implementing on-the-ground conservation at IBAs with partners.
- Checklist/Monitoring Data: Audubon Missouri Chapters statewide develop checklists; and participate in site-specific activities monitoring birds at select IBA's
- Database (Bird Occurrences): Audubon Missouri maintains Christmas Bird Count, Audubon Watch list, and contributes to Great Backyard Bird Count.
- Interpretive Facilities: Audubon Missouri maintains the Wildcats Glades Conservation and Audubon Center in Joplin, MO. We are also assessing the feasibility of a nature center/boat project at the Confluence in St. Louis
- Website: Audubon Missouri maintains a website that is connected to the National website

Management Focus:

Bottomland Forest:	Yes	Grasslands:	Yes	Upland Savanna:	Yes
Riparian Woodland:	Yes	Old Fields:		Upland Woodland:	Yes
Wetlands:	Yes	Tall Grass Prairies:		Upland Forest:	Yes
Ponds Lakes:		Glades:	Yes	Upland Mosaic:	Yes
Bottomland Mosaic:	Yes	Native Shrubland:	Yes	Urban Areas:	Yes
Habitat Other:	Yes			Big Rivers:	Yes

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Annual/Conferences/Monthly Meetings:

Annual Meeting:

Date:	Oct. 9-10, 2009
Time:	Cole Camp, MO
Contact:	Marica Kay Foster, Office Manager
Phone No.:	417-626-8842
Email:	mfoster@audubon.org
Comments:	The Audubon Missouri state meeting occurs every fall at various locations around the state. Check the website for more information.

Record Number: 1, Last Update: 2009-07-20

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Audubon Society of Missouri**

Organization Information:

Contact:	Bruce Beck, President
Address:	230 CR 466
	Popular Bluff, MO 63901
Phone:	573-785-3871
Fax:	
Email:	beckbugs@semo.net
Website:	www.mobirds.org

Mission:	The Audubon Society of Missouri is dedicated to the preservation and protection of birds and all wildlife forms and habitat, to the education of the citizens toward appreciation of the natural world, and to the working for wise conservation practices related to people and wildlife.
-----------------	--

Organizational Skills:

Bird Identification:	Yes	Habitat Restoration:	Yes	Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:		Fund Raising Grants:	
Data Analysis:		Advocacy:		Other:	Yes

Comments: Other Skill: Scholarships

- Bird Monitoring is published quarterly by seasonal/survey editors. The MO Bird Records Committee keeps documentation on rare/unusual/significant species sightings. Experienced birders participate in bird monitoring in conjunction with habitat restoration projects.
- Bird Identification is conducted by numerous amateur naturalists and professional ornithologist members of ASM.
- Audubon Society of Missouri has a of Cooperative Agreement with the Missouri Department of Conservation (MDC) to establish a web-based database to collect bird occurrence data at MDC Conservation Areas. The goal is to collect enough bird occurrence records to generate useful bird checklists for Conservation Areas. This Conservation Area Checklist Project is known as CACHE.
- Audubon Society of Missouri (ASM) has a Cooperative Agreement with the Department of Natural Resources (DNR) State Parks to establish a web-based database to collect bird occurrence data Missouri State Parks. The goal is to collect enough bird occurrence records to generate useful bird checklists for the parks. This State Parks Project is known as SPARKS.

Resources:

Management Guides:		List Serve:	Yes	Newsletter/Publications:	Yes
Technical Reports:		Website:	Yes	Pamphlets:	Yes
Checklists/Monitoring Data:	Yes	Database:	Yes	Interpretive Facility:	

Comments:

- The Annotated Check-list of Missouri Birds (last revised 03/09) is produced by the MO Bird Records Committee (MBRC). The MBRC also compiles documentation on rare/unusual/significant species sightings. Seasonal Survey Data is published quarterly in ASM's newsletter "The Bluebird".
- MO Birds is an on-line avian educational list-serve subscribed to by members and non-members, supported by the University of Missouri. The list owners are David Scheu and Susan Hazelwood at mobirds-l-request@po.missouri.edu
- Other: Our quarterly publication (booklet type) is "The Bluebird". Sent to members only.
- Guide to Bird Finding in MO is published and sold by ASM

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Audubon Society of Missouri**

Management Focus:

Bottomland Forest:		Grasslands:	Yes	Upland Savanna:	
Riparian Woodland:		Old Fields:		Upland Woodland:	
Wetlands:	Yes	Tall Grass Prairies:	Yes	Upland Forest:	
Ponds Lakes:		Glades:		Upland Mosaic:	Yes
Bottomland Mosaic:		Native Shrubland:		Urban Areas:	
Habitat Other:	Yes			Big Rivers:	

Focus on Bird Species:

Neotropical Migrants:		Species of Conservation Concern::	Yes	Riparian/Bottomland Species:	
Grassland Birds:	Yes	Game Species:	Yes	Other Species:	
Waterfowl:	Yes				

Comments: The above habitat types and species focus are in conjunction with the three habitat restoration projects that ASM is currently involved in:

- Northeast MO Prairie Project (partner with MO Prairie Foundation and MO Department of Conservation-MDC)
- River Hills Forest Ruffed Grouse Habitat Project (partner with Ruffed Grouse Society and MDC)
- Truman Lake Wetlands Restoration Project (partner with Ducks Unlimited and MDC)

Special Events:

Management Workshops:		Bird Identification Fieldtrips:	Yes	Public Lectures:	Yes
Monitoring Workshops:		Bird Monitoring Fieldtrips:	Yes	Other:	Yes

Comments: --Other: Bird identification workshops are held by members of the Mo Bird Records Committee. These workshops are open to members and non-members.

Annual/Conferences/Monthly Meetings:

Annual Meeting:

Date:	Last Saturday in Sept.
Time:	7:00 p.m.
Contact:	Bruce Beck, Vice President
Phone No.:	(573) 785-3871
Email:	beckbugs@semo.net
Comments:	The Annual Membership Meeting is part of the annual fall weekend meeting held the last weekend in September at Camp Clover Point, Lake of the Ozarks State Park. Check website for more information.

Record Number: 2, Last Update: 2009-07-20

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Audubon Society, Chariton Valley Chapter**

Organization Information:

Contact:	Peter Goldman
Address:	Science Division, Truman St Un
	Kirksville, MO 63501
Phone:	660/785-4632
Fax:	
Email:	pgoldman@truman.edu
Website:	

Mission:	To help members of the community and students at Truman State University appreciate birds and other components of the biota. With appreciation comes concern about conservation of birds and their communities and ecosystems.
-----------------	--

Organizational Skills:

Bird Identification:	Yes	Habitat Restoration:		Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:	Yes	Fund Raising Grants:	
Data Analysis:		Advocacy:	Yes	Other:	

Comments:

Much of our activity involves education. We organize birding events, holiday bird counts, and the like. We have also organized letter-writing campaigns, presentations, and small-scale service projects like preparing sites for controlled burns.

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Audubon Society, Grand River Chapter**

Organization Information:

Contact:	June Newman
Address:	209 Santa Fe
	Carrollton, MO 64633
Phone:	660-542-0873
Fax:	
Email:	june@binmail.net
Website:	

Mission:	To promote bird and other wildlife and their habitats, conservation, education and enjoy other people with similar interests.
-----------------	---

Organizational Skills:

Bird Identification:	Yes	Habitat Restoration:		Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:		Fund Raising Grants:	
Data Analysis:		Advocacy:		Other:	

Comments:

Primary skills are doing bird surveys, bird identification field trips and providing public information. Support with volunteer time Friends of Swan Lake NWR. Information booth at Poosey Conservation Area Fall Driving Tour.

Resources:

Management Guides:		List Serve:		Newsletter/Publications:	Yes
Technical Reports:		Website:		Pamphlets:	
Checklists/Monitoring Data:	Yes	Database:		Interpretive Facility:	

Comments:

- Developed checklist for Fountain Grove Conservation Area and Poosey CA
- We conduct two Christmas Bird Counts annually.
- Have a chapter newsletter.
- Organize annual Big Sit at Swan Lake NWR

Management Focus:

Bottomland Forest:		Grasslands:	Yes	Upland Savanna:	
Riparian Woodland:		Old Fields:		Upland Woodland:	
Wetlands:	Yes	Tall Grass Prairies:		Upland Forest:	
Ponds Lakes:		Glades:		Upland Mosaic:	
Bottomland Mosaic:		Native Shrubland:		Urban Areas:	
Habitat Other:				Big Rivers:	

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Audubon Society, Grand River Chapter**

Focus on Bird Species:

Neotropical Migrants:		Species of Conservation Concern::		Riparian/Bottomland Species:	
Grassland Birds:		Game Species:		Other Species:	Yes
Waterfowl:					

Comments: We believe by our bird surveys and monitoring we can help owners and managers of these areas - especially local wetlands we are helping them with managing them.

We conduct a Grassland Bird Survey for MDC on Poosey Conservation Area - May, June, July

Special Events:

Management Workshops:		Bird Identification Fieldtrips:	Yes	Public Lectures:	Yes
Monitoring Workshops:		Bird Monitoring Fieldtrips:	Yes	Other:	

Comments: We run an information table at local events (such as: Duck Days at Fountain Grove Conserv. Area, Riparian Trail Dedication at Pershing State Park, Fall Drive thru Possey Conservation area.) We are supporting the Friends Group at Swan Lake NWR.

Annual/Conferences/Monthly Meetings:

Annual Meeting:

Date:	2nd Weds. April
Time:	7 PM
Contact:	June Newman
Phone No.:	660-542-0873
Email:	
Comments:	We have monthly meetings - 2nd Wednesday evening October thru May

Record Number: 7, Last Update: 2009-08-07

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: Boone's Lick Chapter of the Master Naturalist

Organization Information:

Contact:	Becky Bohlmeier
Address:	
	Columbia, MO 65203
Phone:	
Fax:	
Email:	mmnblpresident@gmail.com
Website:	www.extension.missouri.edu/masternaturalist/

Mission:	To engage Missourians in the stewardship of our state's natural resources through science-based education and community service.
-----------------	--

Organizational Skills:

Bird Identification:	Yes	Habitat Restoration:	Yes	Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:	Yes	Regulation Certification:	Yes
Applied Research:		Political Action:		Fund Raising Grants:	
Data Analysis:	Yes	Advocacy:		Other:	

Comments: The Missouri Master Naturalist™ program is an adult community-based natural resource education and volunteer service program sponsored jointly by the Missouri Department of Conservation and the University of Missouri Extension. Its purpose is to develop a corps of well-informed volunteers to provide education, outreach and service dedicated to the beneficial management of natural resources and natural areas within their communities for the State of Missouri. One of two original chapters, the Boone's Lick Chapter was begun in 2004.

Resources:

Management Guides:	Yes	List Serve:		Newsletter/Publications:	Yes
Technical Reports:		Website:	Yes	Pamphlets:	Yes
Checklists/Monitoring Data:	Yes	Database:	Yes	Interpretive Facility:	

Comments:
: Members of the Master Naturalist program receive a minimum of forty hours of combined classroom and field training. The program is designed to expose volunteers to a wide variety of natural resource disciplines to teach trainees about their local natural resources and techniques for their successful management. Upon completion of the training course, members volunteer forty hours of chapter-approved volunteer service to become certified. To retain certification during each subsequent year, volunteers must complete a minimum of eight hours approved advanced training per year and provide a minimum of forty hours of approved volunteer service.

Management Focus:

Bottomland Forest:		Grasslands:		Upland Savanna:	
Riparian Woodland:		Old Fields:		Upland Woodland:	
Wetlands:		Tall Grass Prairies:		Upland Forest:	
Ponds Lakes:		Glades:		Upland Mosaic:	
Bottomland Mosaic:		Native Shrubland:		Urban Areas:	
Habitat Other:	Yes			Big Rivers:	

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Boone's Lick Chapter of the Master Naturalist**

Focus on Bird Species:

Neotropical Migrants:	Yes	Species of Conservation Concern::	Yes	Riparian/Bottomland Species:	Yes
Grassland Birds:	Yes	Game Species:	Yes	Other Species:	Yes
Waterfowl:	Yes				

Comments: Management Focus: Because of diversity of the Master Naturalist Program, all of the above might be an appropriate answer. We work to monitor and restore all of Missouri's natural resources through many of our service projects. Our members initiate the process for service project approval so our volunteer work is as varied as our membership. Many participate in prairie restoration efforts; remove invasive species in many different areas, assist with prescribed burning, on sites that range from the Big Muddy Wildlife Refuge to Outdoor Class rooms at local schools.

Focus on Bird Species: The Boone's Lick Chapter is a member of the larger statewide Missouri Master Naturalist Program. Each Chapter throughout the state develops local partnerships with organizations in their area and works with those organizations to further our mission. One of the Boone's Lick Partners is the Columbia Audubon Society. As such our members participate in many of the local and national bird monitoring project including CACHE, SPARKS, MAPS, Nesting Box Monitoring Surveys, Christmas & Migratory Bird Counts, etc. Some of our projects include date collection for game and waterfowl species. Our volunteers also developed and maintain several native plant gardens and participate in prairie restoration efforts which help support native wildlife species including local bird populations.

Special Events:

Management Workshops:		Bird Identification Fieldtrips:	Yes	Public Lectures:	
Monitoring Workshops:		Bird Monitoring Fieldtrips:	Yes	Other:	

Comments: The Boone's Lick Chapter tries to include a program approved for Advanced Training to our membership almost every month so we can continue to learn more about Missouri's natural environment. Occasionally Special Workshops are held by other chapters in the state which are made available to our members.

Annual/Conferences/Monthly Meetings:

Annual Meeting:

Date:	Every 2nd Thursday
Time:	6:30 p.m.
Contact:	Kent Shannon, MU Ext.
Phone No.:	573-445-9792
Email:	shannond@missouri.edu
Comments:	Alternate contact: Meredith Donaldson, president 573-289-3018 A State Wide Missouri Master Naturalist Conference is held every year where classes over a variety of topics are conducted to further our knowledge base. Our volunteers work to support conservation efforts and promote natural resource education in our communities.

Website:	www.ladfoundation.org

Mission:	Incorporated in 1962, the L-A-D Foundation is a Missouri private operating foundation dedicated to the responsible management of Pioneer Forest as a working demonstration of renewable resource use compatible with the long-term carrying capacity and health of the land and water. The Foundation also acquires and preserves in the public interest outstanding areas of natural, geologic, cultural or historic interest. In addition, the Foundation provides support to various projects consistent with its conservation goals, with a particular focus on the Missouri Ozark region

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: Mark Twain National Forest

Organization Information:

Contact:	Theresa Davidson
Address:	401 Fairgrounds Road
	Rolla, MO 65401
Phone:	573-341-7499
Fax:	573-364-6844
Email:	tmdavidson@fs.fed.us
Website:	http://www.fs.fed.us/r9/marktwain/

Mission:	To sustain the health, diversity, and productivity of the Nation's forests and grasslands to meet the needs of present and future generations.
-----------------	--

Organizational Skills:

Bird Identification:	Yes	Habitat Restoration:	Yes	Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:		Fund Raising Grants:	
Data Analysis:		Advocacy:		Other:	

Comments:

Habitat restoration and management is the primary skill of Mark Twain National Forest. Our biologists are also available to give programs to schools, organizations, and civic organizations. Several biologists are moderately skilled at bird identification.

Resources:

Management Guides:	Yes	List Serve:		Newsletter/Publications:	
Technical Reports:		Website:	Yes	Pamphlets:	
Checklists/Monitoring Data:		Database:		Interpretive Facility:	

Comments:

Each National Forest has a Land and Resource Management Plan, commonly called Forest Plan, which sets goals and objectives for the Forest and guides its management activities. The Mark Twain's Forest Plan provides direction to manage a variety of habitats for birds, as well as other native wildlife species.

The Mark Twain National Forest maintains a website with links to the National Forest System, and all of the other National Forests across the country.

Management Focus:

Bottomland Forest:	Yes	Grasslands:	Yes	Upland Savanna:	Yes
Riparian Woodland:	Yes	Old Fields:	Yes	Upland Woodland:	Yes
Wetlands:	Yes	Tall Grass Prairies:	Yes	Upland Forest:	Yes
Ponds Lakes:		Glades:	Yes	Upland Mosaic:	Yes
Bottomland Mosaic:	Yes	Native Shrubland:	Yes	Urban Areas:	
Habitat Other:	Yes			Big Rivers:	

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Mark Twain National Forest**

Focus on Bird Species:

Neotropical Migrants:	Yes	Species of Conservation Concern::	Yes	Riparian/Bottomland Species:	Yes
Grassland Birds:	Yes	Game Species:	Yes	Other Species:	
Waterfowl:					

Comments: The Mark Twain National Forest manages about 1.5 million acres in MO. In terms of bird species, our management emphasis is:

- 1) To protect special features of the landscape such as caves, springs, fens, glades, sinkholes, etc. and managing them to retain their unique features.
 - 2) To manage the varied landscape of the Ozarks to provide the full range of habitat conditions, from early successional to old growth forest, from open glades, savannas and woodlands to riparian forest, all on sites to which they are suited.
 - 3) To provide a range of quality recreational experiences to all members of the public.
-

Special Events:

Management Workshops:		Bird Identification Fieldtrips:		Public Lectures:	Yes
Monitoring Workshops:		Bird Monitoring Fieldtrips:		Other:	

Comments: Forest Service Biologists are available to give programs to schools, organizations and civic groups.

Comments:

- : -Management Guidelines/Technical Reports--MDC publishes a wide variety of Management Guidelines and other Technical Reports for interested parties free of charge. For information on what information is available, simply visit our website or call your Regional MDC office.
- Checklists--Many of areas either already have or are in the process of developing bird checklists. If you or your organization are interested in helping develop one, or if you are simply interested in receiving one, please contact the local Conservation Area office or MDC Regional Office.
- Interpretative Facilities--MDC manages Nature Centers in the St. Louis (Powder Valley), Kansas City (Burr Oak Woods), Springfield (Springfield Natural Center) and Jefferson City (Runge) areas. In addition, various educational resources are available on-line at <http://www.mdc.mo.gov/teacher/>.
- Newsletter--MDC publishes a monthly magazine, the Missouri Conservationist. To subscribe, or view on-lin, visit <http://www.mdc.mo.gov/conmag/>

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: Missouri Prairie Foundation

Organization Information:

Contact:	Stanley Perrish
Address:	P.O. Box 200
	Columbia, MO 65205
Phone:	417-788-2308
Fax:	
Email:	
Website:	www.moprairie.org

Mission:	The purpose and objectives of the Missouri Prairie Foundation (MPF) are to insure the preservation of native prairies in Missouri along with their associated plant and animal life.
-----------------	--

Organizational Skills:

Bird Identification:		Habitat Restoration:	Yes	Education Outreach:	Yes
Bird Monitoring:		Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:		Fund Raising Grants:	
Data Analysis:		Advocacy:		Other:	Yes

Comments:

MPF has become active in prairie resortation in the last few years doing prairie plantings especially in areas where this will enhance the animal life associated with prairies. Prairie and grassland birds are of special interest because of the population decline of birds associated with prairies. Prairie chickens are the "poster children" but all prairie and grassland birds are of vital interest to MPF. We are also interested in "edge species" and others associated with glades and savannas.

Resources:

Management Guides:	Yes	List Serve:		Newsletter/Publications:	Yes
Technical Reports:		Website:	Yes	Pamphlets:	Yes
Checklists/Monitoring Data:		Database:		Interpretive Facility:	

Comments:

- Our management decisions always take grassland birds, insects and other prairie animals into consideration.
- Our website and The Missouri Prairie Journal regularly feature grassland birds and articles on how to help bird conservation.

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Missouri Prairie Foundation**

Focus on Bird Species:

Neotropical Migrants:		Species of Conservation Concern::		Riparian/Bottomland Species:	
Grassland Birds:	Yes	Game Species:		Other Species:	
Waterfowl:					

Comments: While our primary focus is on prairie and grassland birds we also work to enhance "edge" species.

Special Events:

Management Workshops:		Bird Identification Fieldtrips:		Public Lectures:	Yes
Monitoring Workshops:		Bird Monitoring Fieldtrips:		Other:	

Comments: We are starting a program to try to have at least one special event each month. These will include field trips, educational meetings and lectures on prairies including prairie birds and other prairie wildlife.

Annual/Conferences/Monthly Meetings:

Annual Meeting:

Date:	September
Time:	
Contact:	Wayne Morton
Phone No.:	417/646-2450
Email:	
Comments:	Check website for date and location of annual meeting.

Record Number: 16, Last Update: 2009-07-20

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Checklists/Monitoring Data:		Database:		Interpretive Facility:	Yes

Comments:

- Management Guidelines: Our conservation department produces several bulletins that apply to management at a local and national scale.
- Technical Reports: Our organization is heavily involved with the publication of the turkey symposium.
- Interpretative Facility: Our staff has developed a wide range of interpretive information including our museum at the Wild Turkey Center in Edgefield.
- Communication: The communication staff help produce our website, newsletters, TV shows, magazines and pamphlets, etc.
- Website: Members of the board of directors in MO have helped develop our state website and our newsletters.

Management Focus:

Bottomland Forest:	Yes	Grasslands:	Yes	Upland Savanna:	Yes
Riparian Woodland:	Yes	Old Fields:	Yes	Upland Woodland:	Yes
Wetlands:	Yes	Tall Grass Prairies:	Yes	Upland Forest:	Yes
Ponds Lakes:		Glades:	Yes	Upland Mosaic:	Yes

Bird Identification:	Yes	Habitat Restoration:		Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:		Regulation Certification:	
Applied Research:	Yes	Political Action:		Fund Raising Grants:	
Data Analysis:		Advocacy:		Other:	

Comments:

Our main skills relate to providing a science-based foundation and information regarding the effects of development on bird populations in the Branson, MO area.

Resources:

Management Guides:		List Serve:		Newsletter/Publications:	
Technical Reports:	Yes	Website:		Pamphlets:	Yes
Checklists/Monitoring Data:	Yes	Database:		Interpretive Facility:	

Comments:

- Between 1994 and 2002, we collected point count data at a large residential development and at undeveloped sites in the Branson, MO region. A report on preliminary data analysis is available.
- We, also, developed a pamphlet on how private landowners can help provide bird habitats on their lands, (it is out of print).
- We, also, were instrumental in getting a planning zoning ordinance in place in Stone County, MO in an effort to protect wildlife habitat.

Management Focus:

Bottomland Forest:		Grasslands:		Upland Savanna:	
Riparian Woodland:		Old Fields:		Upland Woodland:	
Wetlands:		Tall Grass Prairies:		Upland Forest:	
Ponds Lakes:		Glades:		Upland Mosaic:	
Bottomland Mosaic:		Native Shrubland:		Urban Areas:

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **Ruffed Grouse Society**

Organization Information:

Contact:	Ted Cooper
Address:	1123 Eagle Creek Road
	Wildwood, MO 63005
Phone:	800-234-5828
Fax:	618/452-8780
Email:	ted@tswllc.com
Website:	www.ruffedgrousesociety.org

Mission:	To enhance the environment for the ruffed grouse, American woodcock, and other forest wildlife that require or utilize thick, young forests.
-----------------	--

Organizational Skills:

Bird Identification:		Habitat Restoration:	Yes	Education Outreach:	Yes
Bird Monitoring:		Bird Rehabilitation:		Regulation Certification:	
Applied Research:		Political Action:		Fund Raising Grants:	Yes
Data Analysis:		Advocacy:		Other:	

Comments: The Ruffed Grouse Society, through its Management Area Program (MAP) supports wildlife habitat development on public lands. This program affects federal, state, and county lands and accounts for thousands of acres of habitat improvements across the country annually. The Society has a corps of forest wildlife biologists who interact with agencies, businesses, industries, and private landowners to promote the mission of the Society. The Society presents workshops targeted to landowners and managers who want to facilitate better land management practices. By means of fundraising banquets and other fundraising mechanisms, members of the Society support the vast array of forest wildlife conservation programs.

Resources:

Management Guides:	Yes	List Serve:		Newsletter/Publications:	Yes
Technical Reports:		Website:	Yes	Pamphlets:	Yes
Checklists/Monitoring Data:		Database:		Interpretive Facility:	

Comments:

The Society has developed the following pamphlets that provide Management directions and guidelines:

1. Manage your Oak Forest for Ruffed Grouse
2. Healthy Forest & Songbird havens
3. Surface Mine Reclamation: A Wildlife Habitat Opportunity
4. Managing Woodlots for Fuel and Wildlife
5. Managing Northern Forests for Wildlife
6. A Woodcock in Hand - Tips for examining, aging and sexing American Woodcock
7. A Grouse in Hand - Tips for examining, aging and sexing Ruffed Grouse

The Society's website www.ruffedgrousesociety.org provides background information and a list of available publications. The Society has quarterly magazines and an annual Biologists Bulletin, that provides updates on populations and ongoing management research projects.

Management Focus:

Bottomland Forest:		Grasslands:		Upland Savanna:	
Riparian Woodland:		Old Fields:		Upland Woodland:	Yes
Wetlands:		Tall Grass Prairies:		Upland Forest:	Yes
Ponds Lakes:		Glades:		Upland Mosaic:	Yes

Waterfowl:					

Comments: St. Louis Audubon is developing two projects that connect volunteerism with habitat restoration. The Creve Coeur Park Wetland Restoration Workdays includes a series of habitat projects in this largest element of the St. Louis Urban Oases Important Bird Area (IBA). St. Louis County Parks is a cooperating partner. The Lower Meramec Habitat Restoration and Outreach Project is in planning and will use volunteers to begin converting the extensive stands of bush honeysuckle to native tree and shrub understory in various areas of the Lower Meramec IBA. The Open Space Council of St. Louis is the primary partner.

Special Events:

Management Workshops:		Bird Identification Fieldtrips:	Yes	Public Lectures:	Yes
Monitoring Workshops:		Bird Monitoring Fieldtrips:	Yes	Other:	Yes

Comments: SLAS has coordinated and published the events of International Migratory Bird Week in May, including numerous field trips, promotion of the North American Migration Count and a family oriented bird education workshop held on International Migratory Bird Day. Additional support has included promotion of the Great Backyard Bird Count, participation in the MDC-sponsored Eagle Days at Chain of Rocks Bridge with hands-on displays and other local outreach and often family-oriented events.

Data Analysis:	Yes	Advocacy:		Other:	

Comments:

The US Fish and Wildlife Service is the principle federal agency charged with protecting and enhancing the populations and habitat of more than 800 species of birds that spend all or part of their lives in the United States.

The Missouri Ecological Services Field Office administers both short-term and long-term migratory bird conservation actions, including administration and leadership in one of only two Migratory Bird Urban Conservation Treaties in USFWS Region 3 (St. Louis City and County). The Field Office also reviews hundreds of development actions per year with potential to impact migratory birds and their habitats (including wind power projects) and works with developers and resource agencies to implement measures to avoid/minimize the loss of migratory birds and priority habitats.

Bird Monitoring:	Yes	Bird Rehabilitation:		Regulation Certification:	
Applied Research:	Yes	Political Action:		Fund Raising Grants:	
Data Analysis:		Advocacy:		Other:	

Comments: Each skill highlighted above is incorporated into refuge operation and management almost on a daily basis. Monitoring of wildlife populations, habitat resoration measures, environmental education and outreach, a variety of research projects and monitoring activities and working with the public on a daily basis are all on-going.

Resources:

Management Guides:	Yes	List Serve:		Newsletter/Publications:	
Technical Reports:		Website:	Yes	Pamphlets:	Yes
Checklists/Monitoring Data:	Yes	Database:		Interpretive Facility:	Yes

Comments: Management practices on the refuge are designed to provide habitat and species diversity annually. Prescribed burning, moist soil management, providing shorebird habitat, encouraging waterfowl foods and refuge area, planting native grasses, and farming are tools to provide the best habitat possible. Wildlife populations are monitored through annual or weekly surveys; such as weekly waterfowl surveys, point count surveys for neotropical birds, ongoing Eastern Massasauga Rattlesnake research, etc. Interpretive facilites at the refuge include an auto tour route, visitor center with interpretive displays, outside kiosks and viewing areas, and foot trail.

There are several fishing piers that also serve as wildlife viewing points. Updated information on the refuge and management practices can be obtained through our website.

Waterfowl:	Yes				

Comments:

The refuge is involved in a variety of management practices, aimed at all of the groups above. Refuge objectives are:
-To provide resting, nesting and feeding habitat for waterfowl and other migratory birds
-To provide habitat for resident wildlife
-To protect endangered and threatened species of wildlife and plants
-To provide for biodiversity
-To provide public opportunities for outdoor recreation and environmental education.

Special Events:

Management Workshops:	Yes	Bird Identification Fieldtrips:	Yes	Public Lectures:	Yes
Monitoring Workshops:	Yes	Bird Monitoring Fieldtrips:	Yes	Other:	

Comments: All of the above occur periodically during the course of a year. There is no set schedule and workshops, lectures are based on annual requests

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: Watershed Institute, Inc and The Watershed Land Trust

Organization Information:

Contact:	Frank Austenfeld
Address:	7211 W.98th Terr., #140
	Overland Park, KS 66212
Phone:	913-685-4600
Fax:	913-341-1130
Email:	Frank@watershedinstitute.biz
Website:	www.watershedinstitute.org

Mission:	<p>TWI is a seasoned interdisciplinary team with experience and expertise in natural resource assessments and monitoring, habitat assessments, stream enhancement and restoration design, streambank stabilization and construction, wetland design and construction, and water law. TWI has the knowledge, resources, and abilities to solve any natural resource problem or need.</p> <p>We also control funding of projects. The Watershed Land Trust (WLT) is a nonprofit charitable organization which was formed to hold land in fee simple and/or conservation easements in perpetuity. Most Land Trust's mission is to hold vast areas of land typically in large sections. With the ability and expertise to work with any Mitigation Bank or In Lieu Fee arrangement, the WLT is unique in that its mission and focus is to preserve watersheds, waterways, streams, rivers, lakes, wetlands, and adjacent (riparian) corridors and green space primarily for the benefit of water quality, ecosystems, and Open Space. The Arkansas Darter, Topeka Shiner, Pallid Sturgeon, Red Spotted Toad, Lesser Prairie Chicken and other species of concern are of interest to the WLT.</p>

Comments:

WGNSS has many members with good field skills who can identify birds and conduct bird surveys to monitor birds. We can participate in habitat restoration efforts by asking members to volunteer but we would not lead the restoration effort.

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: Wild Birds for the 21st Century

Organization Information:

Contact:	J. E. Sutter
Address:	7376 Pershing Blvd.
	St. Louis, MO 63130
Phone:	314/727-9336
Fax:	
Email:	jesutteri@sbcglobal.net
Website:	www.wildbirds.org

Mission:	To promote public interest in welfare and conservation of all wild birds and their habitats through public education and promotion of gardening and conservation. Special emphasis on neotropical migratory landbirds, but promotion of all species is welcome if can generate public awareness and support.

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: World Bird Sanctuary

Organization Information:

Contact:	Walter Crawford, Jr.
Address:	125 Bald Eagle Ridge Road
	Valley Park, MO 63088
Phone:	636-861-3225
Fax:	636-861-3240
Email:	wccrawford@worldbirdsantuary.org
Website:	www.worldbirdsantuary.org

Mission:	To preserve the earth's biological diversity to ensure the future of threatened bird species in their natural environments. We work to fulfill that mission through education, propagation, field studing and rehabilitation.
-----------------	---

Organizational Skills:

Bird Identification:	Yes	Habitat Restoration:	Yes	Education Outreach:	Yes
Bird Monitoring:	Yes	Bird Rehabilitation:	Yes	Regulation Certification:	
Applied Research:	Yes	Political Action:		Fund Raising Grants:	
Data Analysis:	Yes	Advocacy:		Other:	

Comments: -Education Outreach = live animal based conservation programs presented around the country.
 -Bird rehabilitian = raptors (birds of prey) and species of special concern (herons, egrets, pelicans) are rehabilitated in our wildlife hospital.
 -Field Studies= extensive experience in bird monitoring/identification, preparation of interpretive reports and recommendations for habitat enhancement and restoration activities.

Management Guides:		List Serve:		Newsletter/Publications:	Yes
Technical Reports:	Yes	Website:	Yes	Pamphlets:	Yes
Checklists/Monitoring Data:	Yes	Database:		Interpretive Facility:	Yes

Comments:
 -WBS operates a 305 acre facility in west St. Louis County. Open to the public, the center offers the chance to experience "Nature in Nature", surrounded by oak-hickory upland forest.
 -WBS publishes a variety of resources including a quarterly newsletter, informational pamphlets on bird feeding, nest boxes and conservation opportunities.

Management Focus:

Bottomland Forest:		Grasslands:		Upland Savanna:	
Riparian Woodland:	Yes	Old Fields:		Upland Woodland:	
Wetlands:		Tall Grass Prairies:		Upland Forest:	Yes
Ponds Lakes:		Glades:		Upland Mosaic:	
Bottomland Mosaic:		Native Shrubland:		Urban Areas:	
Habitat Other:	Yes			Big Rivers:	

MISSOURI BIRD CONSERVATION INITIATIVE DIRECTORY - 2010

Name: **World Bird Sanctuary**

Focus on Bird Species:

Neotropical Migrants:	Yes	Species of Conservation Concern::	Yes	Riparian/Bottomland Species:	
Grassland Birds:		Game Species:		Other Species:	
Waterfowl:					

Comments: -WBS is working to improve the quality of the oak-hickory upland forest and riparian woodlands found on our property through the removal of invasive exotic plant species.

-WBS mangement efforts are focused at the ecosystem level and include neotropical migrants, raptors and species of conservation concern.

Special Events:

Management Workshops:		Bird Identification Fieldtrips:	Yes	Public Lectures:	
Monitoring Workshops:		Bird Monitoring Fieldtrips:		Other:	

Comments: WBS presents a series of innovative education programs featuring live brids and other animals as the medium for the message of concern.
